44 responses

Specifically how we can improve.

38 responses

Everything

Educational trip

the wifi runs really slow

we need to improve our gym.

Y'all are amazing already

The WiFi is slow

make good choices

just do thing different

You guys are doing great

If the kids can't do it at home. They should get extra time to do it at school.

Encourage it more

Make better food

We can improve by paying attention in class

Prepare better foods

The parking when bringing the children to school

Better computers and WiFi would be great!

Better lunches

Better sitting

New chromebooks

they can make better lunches

Thanks for all

I think that Lindley Academy absolutely meets the expectations and beyond for every category from the staff... students... parents... down to the community

Improvement always makes the school a better place. Communication would be at the top of the list.

Extra time on power up

Making sure all the kids get in the yard before closing the door

The teachers can be a little more interactive with the platforms used for parent communication such as class dojo. Some teachers are very good with posting and keeping up with updates and others don't use it at all.

Not leaving out kids

Having the right staff not just people who don't care

Get parents involved more

More resources for the community

Make better choices

More educational/school trips.

More climate staff would be helpful for students and staff

Some more adults outside patrolling the school when students are outside, the bathroom needs to be cleaned on the regular and also should be able to be used definitely for the girls you have to think about when it's that time of the month... far as the Teacher make sure that they have good knowledge on the subject that they are teaching, more technology available
